\*\*For Hollyman Frames, 90 Minute pairs, there is limited use.

**To order, specify**

- Quantity
- Material choice (Wood Type or Hollow Metal)
- Handing, (RH or LH)
- Wall thickness, (usually 4-7/8" for fire-rating, 3-1/2" studs, 5/8" drywall 2 sides)
- Size & specify whether you are writing inside frame rebate size or door size, (if you fail to specify which size you are giving, and write 36x84, we assume this is frame rebate size, for door size of 35-13/16 x 83-1/8")
- Fire-rating (20 / 45/ 60 / 90 minute)
- if ordering door as well, specify requested undercut (ie 1/2" / 3/4" / 3/8") or actual door size
- if door closer prep is req'd (yes / no)
- whether wall is built yet / will; be built to suit – if built, give rough opening size.
- If stud is metal or wood (proper attachments are provided)

**Standard Features**

- ASA Strike prep is standard, advise if not wanted
- Prep for 4-1/2"x 4" template hinges with steel reinforcement

**For Solid Wood Frame**, prep would be hinge only, no latch unless sample provided, we include 3/4 x 4-7/8" jamb, doorstop, 3/4 x 3-1/2" casing, kwikfit for door.
